

Client Story

Client Overview

- Charter School in Washington, DC
- Serving 250+ students ages 3-22 with intellectual disabilities, autism or multiple disabilities

Partnership Overview

For over nine years, ProCare has been a trusted staffing partner, providing more than 85 high-quality professionals across special education and related service roles, including Speech-Language Pathologists, Occupational Therapists, Teachers, Nurses, and Behavioral Support staff. As a preferred provider, ProCare is known for consistently delivering top-tier talent while maintaining open communication, and high-quality service. Notably, many of our contract consultants are renewed year after year, and we also provide permanent placement support for our partner. Our reliable, streamlined staffing approach has helped the district simplify staffing operations, maintain program continuity, and focus on what matters most - meeting student needs efficiently.

“

Working with ProCare and our dedicated Account Manager over the years has been an exceptional experience. They are an absolute pleasure to work with and consistently fill vacancies quickly and efficiently. Their commitment, reliability, and strong work ethic make ProCare a go-to partner for recruitment needs. Although this year we are facing budget constraints and limiting our use of contractors, ProCare remains one partner we will continue to collaborate with because of the outstanding relationship we have built.”
